

Monday 20 March 2017

Monday 20 March 2017			
	GE Healthcare Breakfast Symposium	LIFEBOX Breakfast Symposium	ISOM: Global Obstetric Medicine Workshop
	Meeting Room 1.4	Ballroom West	Auditorium 2
07:00	<p>3D Ultrasound in infertility Speaker: Nick Raine-Fenning UK</p> <p>Ultrasound during second stage labor Speaker: Katia Bilardo Netherlands</p>	<p>Lifebox listens: how do we make O&G safer on a global scale?</p> <p>Host: Atul Gawande USA</p> <p>Speaker: Leonard Kabongo Namibia</p>	<p>Global Obstetric Medicine – Clinical guidance and models of care</p> <p>Laura Ann Magee Canada</p> <p>Paul Fogarty UK</p> <p>Sandra Lowe Australia</p> <p>Andrew H Shennan UK</p>
08:00	<p>Coffee, Exhibition and Poster Viewing Hall 1B 2</p>		
08:15	<p>PLENARY 1 Auditorium 1 <i>Chairs: Lesley Regan and Peter de Jong</i></p> <p>Trauma associated with vaginal delivery. Where we are circa 2017?</p> <p>08:15 – 08:30 How close are we to predicting trauma? Ian Milsom Sweden</p> <p>08:30 – 08:45 Anal sphincter injury Abdul Sultan UK</p> <p>08:45 – 09:00 Is forceps delivery obsolete? Phil Steer UK</p> <p>09:00 – 09:15</p>		

Questions						
09:15	Presidents Welcome and Introduction Auditorium 1 Professor Lesley Regan, President, RCOG, UK					
09:30						
09:40	ULTRASOUND ISUOG 13th International Symposium	OBSTETRIC MEDICINE Supported by International Society of Obstetric Medicine	GYNAECOLOGY ONCOLOGY	GLOBAL HEALTH	FERTILITY	EDUCATION
	Auditorium 1	Auditorium 2	Meeting Room 1.4	Ballroom East	Ballroom West	Meeting Room 1.6
	Ultrasound: Its Value in Managing Pregnancy Complications <i>Chairs: Basky Thilagnathan and Chantal Stewart</i>	Challenges in Obstetrics <i>Chairs: Felicia Moloakoane and Sandra Lowe</i>	Making Sense of Cervical Cancer Screening <i>Chairs: Hennie Botha and Michael Quinn</i>	Steps Towards Better Obstetrics and Gynaecology Care in Under-Resourced Environments <i>Chairs: Hani Fawzi and Greg Petro</i>	Managing the Needs of the Infertile Patient <i>Chairs: Paul le Roux and Rekha Kurian</i>	Rising to Educational Challenges in Obstetrics and Gynaecology <i>Chairs: Janice Rymer and Athol Kent</i>
	09:40 – 10:00 Ultrasound in the second stage of labor before operative vaginal delivery Karim Kalache Qatar	09:40 – 10:10 Maternal mortality: Is there a light at the end of the tunnel? Bob Pattinson South Africa	09:40 – 10:00 Modern management of cervical cancer using HPV DNA testing in developing and developed countries Tom Wright USA	09:40 – 10:00 Midwifery led care: Onsite midwifery birthing units Justus Hofmeyr South Africa	09:40 – 10:00 Management of unexplained infertility Roger Lobo USA	09:40 – 10:00 How to be a gynaecological surgeon Paul Fogarty UK
10:00 – 10:20 Predicting pregnancy complications by first trimester ultrasound: Feasible? Useful? Katia Bilardo Netherlands	10:10 – 10:40 Substance abuse in pregnancy: The medical challenge Kerry Louw South Africa	10:00 – 10:20 Screening in low resource settings Isaac Adewole Nigeria	10:00 – 10:20 Simple steps: Big difference (early warning scores) Gonzaga Ssenyondo Uganda	10:00 – 10:20 Individualised patient care Bart Fauser Netherlands	10:00 – 10:20 The role of simulation in training in obstetrics Tim Draycott UK	
10:20 – 10:40 Ultrasound semiology of placental abnormalities Karim Kalache Qatar		10:20 – 10:40 Primary prevention of cervical cancer using HPV vaccination – what does the future hold? Lynette Denny South Africa	10:20 – 10:40 Improving gynaecology care in low-resource settings: Introducing the RCOG 'essential gynaecology skills' course Dileep Wijeratne UK	10:20 – 10:40 Infertility: An African perspective Silke Dyer South Africa	10:20 – 10:40 Ensuring quality and standards in assessment Justin Konje Qatar	
10:40	Coffee, Exhibition and Poster Viewing Hall 1B 2					

	ABSTRACT SESSION	OBSTETRIC MEDICINE Supported by International Society of Obstetric Medicine	ABSTRACT SESSION	ABSTRACT SESSION	ABSTRACT SESSION	ABSTRACT SESSION
	Auditorium 1	Auditorium 2	Meeting Room 1.4	Ballroom East	Ballroom West	Meeting Room 1.6
	Fetal Medicine <i>Chairs: Basky Thilagnathan and Chantal Stewart</i>	Challenges in Obstetrics <i>Chairs: Lawrence Chauke and Kenneth Chen</i>	Gynaecological Oncology <i>Chairs: Hennie Botha and Michael Quinn</i>	Global Health <i>Chairs: Hani Fawzi and Greg Petro</i>	Fertility <i>Chairs: Paul le Roux and Rekha Kurian</i>	Quality Improvement <i>Chairs: Janice Rymer and Athol Kent</i>
11:10	11:10 – 11:20 A comparison of fetal fibronectin and cervical length in predicting outcome in uterine anomalies Alexandra Ridout Australia	11:10 – 11:40 Pregnancy after renal transplantation Catherine Nelson-Piercy UK	11:10 – 11:20 A tumour-DNA methylation biomarker to predict response to treatment in patients with ovarian cancer; a multi-center study David Phelps UK	11:10 – 11:20 Global health capabilities for UK health professionals: A focus on doctors in training in the Royal College of Obstetricians & Gynaecologists (RCOG) Abi Merriel UK	11:10 – 11:20 Video Presentation Male infertility: Video demonstration of outpatient Testis Biopsy Thabo Matsaseng South Africa	11:10 – 11:20 Understanding the implementation of obstetric emergency training: The THISTLE-plus study Katherine Collins UK
	11:20 – 11:30 Fetal middle cerebral artery doppler to time second and subsequent intrauterine transfusions to treat anaemia due to red cell allo-immunisation: A randomised trial Joddie Dodd Australia	11:40 – 12:10 Thrombophilia and Antiphospholipid syndrome in pregnancy Claire McLintock New Zealand	11:20 – 11:30 Experience of screening for endometrial cancer in high risk population Mourad W Seif UK	11:20 – 11:30 Development of a bundle to improve maternal sepsis care in low resource settings: an international delphi consensus Fatima Taki UK	11:20 – 11:30 Fungicide “Mancozeb (manganese ethylene bisdithiocarbamate)” impairs embryo implantation via disrupting the early embryo attachment and decidualization Champika Gihan Sri Lanka	11:20 – 11:30 Trainee attrition in obstetrics and gynaecology training - a qualitative analysis of trainee attitudes Sabrina O'Dwyer UK
	11:30 – 11:40 Outcomes in low PAPP-A pregnancies: are we under-investigating? Simon Williams UK	13:10 – 14:00 The impact of genomics in obstetrics John Burn UK	11:30 – 11:40 Epidemiology of endometrial cancer diagnosed below age 50 in Singapore Shivani Durai Singapore	11:30 – 11:40 Comparing maternal deaths occurring at home, in transit and in facilities using Ethiopia’s national MDSR data Ftalew Dagnaw Ethiopia	11:30 – 11:40 Co enzyme Q10-A mitochondrial antioxidant - a new hope for success in infertility in clomifen citrate resistant PCOS Debjani Sen Sharma India	11:30 – 11:40 Vaginal cleansing prior to cesarean section and post-operative infectious morbidity Syeda Batool Mazhar Pakistan
	11:40 – 11:50 How best to define discordant growth in monochorionic twin	14:00 – 14:30 Controversies in the management of the pregnant woman with thyroid disease Sandra Lowe	11:40 – 11:50 The negative prognostic impact of comorbidity in ovarian cancer is not caused by choice of primary treatment or system delay	11:40 – 11:50 Reducing maternal deaths due to obstetric	11:40 – 11:50 The role of the thromboelastogram in recurrent pregnancy loss	11:40 – 11:50 MedNav and neonatal life support resuscitation learning: A randomised control trial at 0 and 7 week follow-up. Sarah Woldman UK
						11:50 – 12:00 The EASTT study: The experience

	<p>pregnancies Isabel Couck Belgium</p> <p>11:50 – 12:00 Pregnancy outcomes in women with a history of travel to countries with active Zika transmission. The experience in a London teaching hospital Tabitha Mahungu UK</p> <p>12:00 – 12:10 Predictive markers for preterm birth in high-risk women with prophylactic intervention: a large prospective series Georgia Ross Australia</p>	Australia	<p>Mette C Noer Denmark</p> <p>11:50 – 12:00 Malignant or Benign? - Diagnosis of pelvic mass histology using dried blood spot paper spray mass-spectrometry David Phelps UK</p>	<p>haemorrhage in Ethiopia: What are the priorities? Azmach Hadush Ethiopia</p> <p>11:50 – 12:00 A prospective multi-centre study in South Africa evaluating the diagnostic accuracy of the microlife CRADLE vital signs alert to predict adverse outcomes in pre-eclampsia Hannah Nathan UK</p> <p>12:00 – 12:10 Smart fetal surveillance: An innovative mHealth solution for reducing infant mortality in developing countries Sadia Khan Pakistan</p>	<p>Anya Hargreaves UK</p> <p>11:50 – 12:00 Developing a psychological screening protocol for the UK uterine transplant trial Maria Jalmbrant UK</p> <p>12:00 – 12:10 Audit on psychological assessment of couple in a tertiary care recurrent miscarriage unit in the United Kingdom Geet Sarodey UK</p>	<p>and acceptability of students, teaching faculty and gynaecology teaching associates (GTAS) of the pelvic examination teaching programme Aisha Janjua UK</p> <p>12:00 – 12:10 Improving teamwork in emergencies: <i>MedNav</i> Pippa Letchworth UK</p>
--	---	-----------	--	---	--	--

12:10 **Lunch, Exhibition and Poster Viewing**
Hall 1B|2

12:20 - 13:00 **NATERA Symposium**
Meeting Room 1.6
NIPT - What's New? What's Next?
Kimberly Martin, MD, Senior Global Medical Director, Women's Health, Natera Inc.

13:10 **PLENARY 2**
Auditorium 1
Chairs: Mushi Matjila and Mary Ann Lumsden

Reproductive Medicine

13:10 – 13:40
Obesity and under-nutrition in reproduction
Robert Norman
Australia

13:40 – 14:10
Menopause Hormone Therapy – The window of opportunity
Roger Lobo
USA
